- *C VIGNESH* – 7871630097

Staff Coordinators:

- *Ms. B.BAVITHRA*, Asst. Prof., CSE DEPT– 78452 86608
- *Ms.S.ABIKAYIL AARTHI*, Asst. Prof., CSE DEPT– 80128 15838

GENERAL INSTRUCTIONS

- ✓ Participation is open for single or team entries (team size: up to 2 members).
- ✓ Each participant is requested to register for a maximum of 2 events — 1 Technical + 1 Non-Technical.
- ✓ An additional event (beyond the permitted 2) can be added for ₹50 per event (ONLY ON THE SPOT).
- ✓ Every event will be conducted in 2 or 3 level rounds.
- ✓ ID card & Bonafide certificates are mandatory.
- ✓ The decision of the Judges will be final.
- ✓ Participants should be in formal dress code and maintain discipline during the events.
- ✓ Certificates will be given for all the participants.
- ✓ Lunch & Refreshments will be provided for all the participants.

TECHNICAL EVENTS

TechVerse (Paper Presentation)

- *Single round event.*
- *Team size: individual or up to 3 members.*
- *Participants present an innovative idea via PPT.*
- *Maximum of 6–7 slides only allowed.*
- *Demo or working models are appreciated (not mandatory) to support the idea.*
- *Time allotted: up to 5 minutes per team to present.*
- *Topics must be relevant to current technology/innovation trends.*
- *Evaluation criteria:*
 - *Originality*
 - *Technical depth / feasibility*
 - *Clarity of presentation*
 - *Quality of demo (if presented) & Q/A session*

Tech Brainiac (Technical Quiz)

- *Conducted in 2–3 level rounds (e.g., Prelims → Rapid Fire → Final).*
- *Individual or team participation (up to 3 members).*
- *Questions cover emerging technologies, CS fundamentals, and current tech trends.*
- *Rapid-fire format for later rounds — fastest correct answer scores.*
- *Teams/individuals are shortlisted between rounds based on score.*

Prompt Fusion (AI Prompt Challenge)

- *Conducted in 2 rounds.*
- *Round 1: Recreate a given poster/banner using AI.*
- *Round 2: Recreate a given image and generate a video from it. (image will be given in spot)*
- *Use any AI tool; accounts and credits are the team's responsibility.*
- *One system will be provided per team.*
- *Teams must write their own prompts during the event.*
- *Complete all tasks within the given time limit.*
- *Evaluation criteria:*
 - *Prompt Quality*
 - *Output Accuracy*
 - *Creativity & Visual Quality*
 - *Video Quality*
 - *Time Management*

Bug Bash (Debugging)

- *Conducted in 2–3 level rounds (e.g., Prelims → Rapid Fire → Final).*
- *Individual or team participation (up to 2 members).*
- *Questions cover emerging technologies, CS fundamentals, and current tech trends.*
- *Rapid-fire format for later rounds — fastest correct answer scores.*
- *Teams/individuals are shortlisted between rounds based on score.*

NON-TECHNICAL EVENTS

Pinpoint

- *Conducted in 2–3 level rounds.*
- *Individual or team participation (up to 2 members).*
- *A hidden category/word must be guessed from 5 clue words revealed one at a time — fewer clues used means more points.*
- *Faster and more accurate guesses earn higher scores; rounds get progressively harder.*

Brand spot (Logo Finding)

- *Conducted in 2–3 level rounds.*
- *Individual or team participation (up to 2 members).*
- *Participants are shown partially obscured/blurred/cropped logo images and must identify the brand.*
- *Each round increases in difficulty (e.g., more obscured images or shorter time).*
- *Evaluation based on number of correct identifications and speed.*

Hammer Hit (IPL Auction)

- *Single round event.*
- *Team participation (up to 4 members per team).*
- *Each team is given a fixed virtual budget to bid on players in a mock IPL-style auction.*
- *Teams take turns bidding; highest bid wins the player.*
- *Winning team decided based on best overall squad value/strategy.*

Connection (Link & Think)

- *Conducted in 2–3 level rounds.*
- *Individual or team participation (up to 2 members).*
- *Participants are shown a set of images; they must identify the word/concept behind each image and find the common connection linking them.*
- *Difficulty and number of images increase across rounds.*
- *Evaluation based on accuracy and speed of finding the connection.*
